Topic	Outcome
I. Welcome and Land Acknowledgement	At this time, we would like to take a moment to honor, acknowledge, reflect, express our sincere gratitude for, and appreciation of, the people, ancestors, and sacred land that we gather upon today. We want to honor the ancestral homelands and traditional territories of Indigenous peoples who have been here since time immemorial; and to recognize that we must build solidarity, and kinship, with Native Indigenous communities. As all our liberations are tied together, we also recognize a duty to give honor through our work, and continue to stand up for racial and social justice every day.

Bachor will continue to reach out to faculty for updates and ensure that those updates are reflected within the maps which will then be reflected in Navigate. A link to the Purpose, Function & Membership was placed in the chat. There have been several changes over the past year. The document will to be routed to the Academic Senate and Curriculum & Instruction (C&I), Please let L. Jackson know if there are any changes.

Mai in Marketing to discuss ideas on how to promote the Associate Degree for Transfer (ADT) website and all of the program websites so that students are aware of how programs link to the ADT and that it has an ADT. <ul style="list-style-type: none"> ○ An update will be given at the next meeting.

SAC is and ranks. • The data dashboard compiled by AACC displays 30 colleges that participated in GPS across the country as part of an early pilot program which is now is now a state-wide initiative. • Mt. SAC is college no. 20 – the graph highlights the college’s progress of completing English since 2012. • 2012-19 success rates increased, but the equity gaps have remained consistent. Work needs to be done to identify why those equity gaps persist. • Kudos to M. Gilmore from S. Mestas for the idea of the overlay and S. Blacksher for her ability to place the data into slide format. ○ Discussion was held regarding the online presence of the ADT page and how its embedded within the transfer website and integrated with career coach. • Struggle continues with getting podcast participation. Those associated with the project have done a tremendous job with the content. • EAB Navigate continues to be developed. There is an education planning section –and work continues on integration. • Another pathway is for courses students have taken outside of Mt. Sac and how it impacts their transfer.
