Welcome	Michael welcomed everyone to the meeting.	Information only.
Review November 2023 Memory	The November 6, 2023 memory was reviewed and approved.	The memory will be posted to the ITAC website.
Fortinet Firewall	Chris Schroeder reviewed the upgrade of the campus firewalls. The College moved from Cisco to Checkpoint about 15 years ago and has now moved to Fortinet. The College has two redundant firewalls and went from 10 GB to 40 GB. Jaishri Mehta asked about security threats. Chris shared that he reviews a daily summary report of information on what type of traffic the firewall is blocking. The report regularly shows that the College network is often a target of attacks, but the firewall does its job of blocking malicious items.	Information only.
Academic Technology Update	Michael Carr reported that his team is proactively reviewing internal processes on security patching including how often is it done, who does it, and which academic servers are being backed-up to cloud storage in case of an emergency. Michael's team works closely with	Information only.
