<u>ITEM</u>	<u>DISCUSSION</u>	<u>OUTCOME</u>

Next Meeting: April 11

AQ Issues

- mtsac.edu/AQ not working (only mtsac.edu/aq working)
 - Issue entering in 4 digits of precision for GPAs (math placement not working)
 - Added for English (“This includes Regular English/AP/IB/Honors, Lit, Non-ESL”), and rewrote for ESL “English as a Second Language (This includes: ESL/ELD/ELL/Sheltered)”.
 - TODO for Chuong: Update production website with above change.
 - TODO for Chuong: Please select **ALL** math courses that you **COMPLETED** in high school in the United States.
 - Format of printing results different on different computers. Printer-friendly tab that formats it differently?
-
- 739 students have taken AQ as of now (4/4/18, around 2pm?).
 - Separate out into new vs. current students?
 - Maria: Issue getting data from production. Can’t do it until move table into ODSP.
 - Chuong: Should be able to identify status now. Can separate them in report. Will give function to Maria so she can produce report.
 - Jim: Let’s do self-reported status for now.
 - Maria: Previously big discrepancy. Student type: first-time, continuing, or returning. Currently, don’t check status until end of term. Afterwards we can compare what students report on CCCApply vs. what students status actually is.
 - Math help box now links to website.
 - Chuong got list of counselors that have access to update student AQ results. Jim Smith was able to do this.
-
- Antonio’s idea: After complete AQ, should students complete survey? Any challenges?
 - Did you have any difficulty filling out the AQ?
 - Where did you take the AQ? (radio button with Assessment Center, home, phone, ...?)
-
- SSI has been updated. Only 15 questions now. Nico and Chuong worked together about this.
 - TODO for Chuong: Allow “X” for entering GPA on question #1 if a student doesn’t have a GPA.
 - TODO for Chuong: “Dont” should be “Don’t”
-
- SSI
 - Maria: Students within 2 year valid time. Student took placement test less than 2 years ago. New score of SSI. Might possibly make them eligible to move them up. Are we going to change status?
 - Jim: Would have to retake it.
 - Evelyn: Go to Assessment Center counter and ask for MM to be applied to old test. Can retest if after 3-month period. If they don’t want to, then can get MM reapplied again.
 - Maria: Important to be consistent for research.
 - Math formula didn’t change. English and AmLa did, though.
 - Evelyn: Letter about this didn’t go out to AmLa students because might/might not be an ENGL 67 depending on today’s English meeting.
