- **Recognition:**

Mt San Antonio College's Interior Design Program was recognized as the 2014 College of the Year by the National Kitchen and Bath Association (NKBA) as the top college to receive an NKBA Excellence in Education Award for 2014. As part of an annual requirement for accreditation, each school submitted two student-designed bath projects that followed the requirements of the NKBA Student Design Competition for the year. Student work samples included a floor plan, elevation, construction plan, and mechanical plan. The bath work samples were assessed by an NKBA Certified Kitchen Designer, Certified Bath Designer (CKD, CBD) for compliance with the NKBA Planning Guidelines and adherence to NKBA Graphic and Presentation Standards. The project submissions met the NKBA's challenging goal of earning average scores of at least 90 out of a possible 100 on the projects designed by the students. Under the leadership of Professors Niki Tran and Lis Eatman, Mt SAC students Amie Gonzalez and Lisa Melling received a combined score of 98.13 to be the best of the 30 colleges competing nationwide.

4. RECOGNITIONS

- **Dr. Tamra Horton**, professor in the English, Literature, and Journalism Department was recognized for being selected as a 2014-15 Fulbright Fellow. She spent a year teaching at the Collegium Civitas in Warsaw, Poland. The Fulbright Program is the flagship international educational exchange program sponsored by the U.S. Government. It is designed to “increase mutual understanding between the people of the United States and the people of other countries.” Since its inception, the Fulbright Program has provided almost 300,000 participants – chosen for their academic merit and leadership potential – with the opportunity to study, teach, and conduct research, exchange ideas, and contribute to finding solutions to shared international concerns. The Core Fulbright Scholar Program is one of the most prestigious awards bestowed upon faculty in the United States. Congratulations to Dr. Tamra Horton for being the first faculty member in the College's records to receive this prestigious and honorable distinction.
- Mt. SAC Men's Cross Country and Men's Track Coach, **Ron Kamaka**, was recognized for recently receiving the 2015 South Coast Conference (SCC) Men's Sports Coach of the Year. The honor was bestowed upon him by the SCC Athletic Directors at their September meeting. Kamaka beat out all of the other SCC Men's Sports Coaches of the Year honorees for the award. Mt. SAC Men's Cross Country Team finished first in conference and fourth at the State Championship, and Coach Kamaka guided the Men's Track team to the conference, regional, and state championships! Kamaka was also named SCC Men's Cross Country, SCC Men's Track & Field, and the California Community College Cross Country and Track Coaches Association Coach of the Year by his peers. Congratulations Ron!

The entire dialogue may be found on the College website with these minutes (meeting audio file entitled 'Introductions and Recognition – 10.21.15').

Mt. SAC STEM Teacher Preparation Program
Dr. Iraj Nehad and Charles Newman
November 18, 2015

In Fall 2014, Mt San Antonio College was awarded a three-year, \$624,000 grant from the Advanced Technological Education (ATE) program of the National Science Foundation (NSF) to train two cohorts (15 students per each cohort) of future Middle and High School Science, Technology, Engineering, and Math (STEM) teachers. Drs. Iraj Nejad and Charles Newman are the Principal Investigators (PIs) of the award.

In April 2015, the first student cohort was selected. The cohort's first requirement was to work the College's summer camp titled 'The Summer Science Exploration Experience (S²E²),' designed expressly for promising middle school students who demonstrate an interest in STEM. S²E² was a three-week, three-day-a-week program and included numerous hands-on math and science activities.

The S²E² program served two purposes. First, it offered the community continued science and math education tailored for 7th-9th grades; and, second, it provided a mechanism for our cohort students to gain first-hand experience designing and presenting science and math activities to middle school students. The S²E² program included three fieldtrips and also utilized many of the resources and facilities at the College. These included the Randall Planetarium, the Animal Hospital's Surgery Center, the Histotechnology Laboratory, the Meek Center, the Astronomy Dome, and several other activities performed in Biology, Chemistry, Geology, and Anthropology laboratories. All activities were presented by Mt. SAC staff and faculty, outside professional educators/instructors, and by the cohort members themselves. Comments from the middle school participants were exceedingly positive. Cohort students stated that the S²E² experience was invaluable, and the parents of the middle school students were exceedingly complementary and wish to see the program continue.

A poster on the program was constructed and presented at this year's ATE PI Conference, organized by the American Association of Community Colleges (AACC) in Washington DC, in October 2015. Three cohort students were selected to travel to the conference with the PIs. Through an application process, two of the students were awarded scholarships that covered most of their travel expenses by the AACC, and the third student was funded through grant funds. The students participated in a showcase session and actively presented the program to the conference attendees and answered their questions.

The success of their presentation and our program was evident through the interest shown by representatives from other two-year institutions. We fielded many questions on planning and implementation, and several schools were interested in creating programs based on the Mt. San Antonio College model.

CONSENT

SUBJECT: Appropriation Transfers and Budget Revisions Summary

BACKGROUND

While all departments attempt to project their expenditures accurately, situations occur that make it necessary to submit appropriation transfers and budget revisions. Many times, an amount is budgeted, but the specific areas of expenditures are not determined until a later date. In these cases, the funds are then revised to the specific accounts.

ANALYSIS AND FISCAL IMPACT

Pursuant to the California Code of Regulations, Title 5, Sections 58307 and 58308, transfers of funds from the fund balance to any expenditure classification or between expenditure classifications and budget revisions can be made at any time with approval of the Board of Trustees. Any transfer from the fund balance to any expenditure classification must be approved by a two-thirds vote of the members of the Board of Trustees.

c. Provide an explanation on how the district intends to fund the salary and benefit increases, and also identify the revenue source/object code.

The Board of Trustees approved a 5.02% ongoing salary increase and ongoing annual health and welfare increases for Faculty, CSEA 262, Management, Confidential and Supervisory employees effective July 1, 2015. These increases have been funded from 2015-16 ongoing apportionment revenues.

VI. **Did the district have significant events for the quarter (include incurrence of long-term debt, settlement of audit findings or legal suits, significant differences in budgeted revenues or expenditures, borrowing of funds (TRANS), issuance of COPs, etc.)? If yes, list events and their financial ramifications. (Enter explanation below, include additional pages if needed.)** YES

The District issued \$19.4 million Current Interest Refunding Bonds for Measure R and \$20 million General Obligation Bonds for Measure RR on September 11, 2015.

VII. **Does the district have significant fiscal problems that must be addressed?** This year? YES

Next year? YES

If yes, what are the problems and what actions will be taken? (Enter explanation below, include additional pages if needed.)

Estimated expenditures are \$10.8 million over estimated revenues as a result of \$734,000 ongoing budgeted deficit and funding one-time expenditures for \$10.1 million. These estimated one-time expenditures are comprised of 2014-15 Carryovers and New Resources Allocation Phase 1 and 2, which have been funded from the Fund Balance (Reserves) as of June 30, 2015.

The economic position of the College is closely tied to the State of California a couple of factors that will affect the College in future years is the expiration of Proposition 30 tax increases that begins in 2016 and the significant increases in STRS and PERS employer contributions. The STRS employer rate will increase from 10.73% in 2015-16 to 19.1% in 2020.21, and the PERS employer rate will increase from 11.85% in 2015-16 to 20.4% in 2020-21.

DATE:	<u>November 18, 2015</u>	CONSENT
SUBJECT:	<u>Quarterly Investment Report</u>	

BACKGROUND

Although the Legislature suspended these mandates and local agencies are no longer required to submit quarterly investment reports or the investment policy on an annual basis, it encouraged local agencies to continue to submit these reports to their governing boards. We feel that it is fiscally responsible to continue this practice; therefore, we will continue to submit these reports to the Board of Trustees for review.

ANALYSIS AND FISCAL IMPACT

Mt. San Antonio Community College District was approved for fiscal independence status effective July 1, 2012. As a result, cash and checks are deposited on a daily basis with the Los Angeles County Treasurer’s Office. The College maintains the Citizens Business Bank accounts for the collection of enrollment and student fees, a clearing account to receive wire transfers for financial aid and other grants, and a revolving fund for emergencies. These funds are transferred on a daily or as-needed basis to the Los Angeles County Treasurer’s Office. In addition, the cash from the Revenue Lease Bonds (COPS) is held with a trustee. The cash investments are summarized as follows for the quarter ending September 30, 2015:

County of Los Angeles, Cash in County Treasury	\$195,416,745	.71%
Citizens Business Bank, District Clearing Account	33,084	.10%
Citizens Business Bank, Revolving Fund	75,060	.10%
Citizens Business Bank, Community Education Clearing Account	9,200	.00%*
Citizens Business Bank, Web Registration Credit Cards	57,781	.10%
Citizens Business Bank, Parking Services Credit Cards	1,184	.10%
Citizens Business Bank, Performing Arts Center	850	.00%
City National Bank, Federal Perkins Loans	27,694	.00%
Cash with Trustee, Revenue Lease Bonds (COPS)	221,770	.02%

*in exchange for reduced banking fees (account is cleared monthly)

SUBJECT: Agreement with General Dynamics Information Technology for
1098T Forms

BACKGROUND

The Taxpayer Relief Act (TRA) of 1997 provides education tax incentives for eligible taxpayers. The Hope Scholarship Credit and Lifetime Learning Credit allow taxpayers to reduce their federal income tax based upon qualified tuition and fees paid, assuming the taxpayer meets the eligibility requirements. The College is required to send a 1098T form to all eligible students detailing the fees they paid to the College.

ANALYSIS AND FISCAL IMPACT

General Dynamics Information Technology (GDIT) provides data management and reporting services to assist higher education institutions in meeting TRA requirements. GDIT will use a data file from Banner to produce a 1098T form for each student. They will print the forms and mail them to the students. They will use the data file to produce the required electronic file that must be sent to the Internal Revenue Service. GDIT also provides the College with an archive in case the College needs to re-print the form for a student. The total fees for the 2014 tax year were \$9,677. The number of 1098T forms fluctuates based on the number of students eligible every fiscal year. Student enrollment has increased in fiscal years 2013-14 and 2014-15. Therefore, based on the higher number of students, there will be an increase in cost for these services, not to exceed \$11,500.

SUBJECT:	<u>Purchase Phase II Furniture and Amend Phase I Furniture for the Student Success Center</u>	

BACKGROUND

The purchase of Phase II furniture will provide new tables and seating for the non-office areas of the Student Success Center. Approval is also being sought to amend the purchase of Phase I furniture, which was previously Board approved, to provide additional modular furniture, seating, tables, technology integrations, and ergonomic accessories.

A portion of the furniture was selected following campus standards that were developed during the Administrative Services and Design Technology Center request for proposal process. Those processes established standards for office, workstation, hospitality and workroom spaces, meeting rooms, computer labs, and certain teaching spaces. The remaining furniture was selected through mock-up presentations conducted from July to September 2015, in which over 100 individuals attended including students. During these presentations, evaluation forms were completed for the various furniture options to form the basis for future furniture standards for student collaboration and open resource areas.

ANALYSIS AND FISCAL IMPACT

Amendment to Phase I Furniture

The requirements of furniture for the Student Success Center were modified due to changes to the building occupants, which necessitated the need for spatial programming adjustments to accommodate the additional faculty and staff.

The price adjustments for Phase I furniture are listed below:

Bidder	Original Amount	Additional Amount	Reason
Allsteel - Modular Systems Office Furniture (CMAS)	\$207,829.37	\$9,108.16	Faculty/Staff growth
Gunlocke - Office Guest Chairs (CMAS)	\$20,048.19	\$1,692.72	Faculty/Staff growth

SUBJECT:	<u>Agreement with Margolis Healy & Associates, LLC</u>	

BACKGROUND

Margolis Healy & Associates, LLC proposes a comprehensive Clery Act Compliance Assessment of Mt. San Antonio College’s programs, policies, and procedures related to its Clery Act compliance program. Margolis Healy has taught well over 40 Clery Act Training programs as part of the faculty of Security On Campus, Inc. (now the Clery Center for Security on Campus) and has assisted several institutions nationwide with the development of their Clery Act-required Annual Security Reports (ASR).

Margolis Healy has significant experience conducting public safety management studies; safety and security program assessments; Clery Act and Title IX program reviews; independent investigations; and safety and security strategic planning processes, amongst a range of other related services.

The Clery Act Compliance Assessment includes an in-depth review of the applicable programs, policies, procedures, and processes in several Mt. San Antonio College departments including, but not limited to, the Mt. San Antonio College Police Department, Student Life, Title IX office, Health Services, Office of Human Resources, Legal Services, Athletics, etc. Both on- and off-site reviews will be conducted of the compliance program including an in-depth evaluation of the College’s ASR. The goal of the assessment is to identify gaps and challenges with the College’s compliance efforts. Where challenges are identified, recommended approaches will be made to correct deficiencies and enhance compliance.

ANALYSIS AND FISCAL IMPACT

Margolis Healy requests 30% of the total agreement amount prior to the site visit in order to secure transportation, lodging, and other travel expenses. The College will pay 50% upon completion of the site visit. The final 20% will be paid upon submission of the final draft report, which will be approximately 60 days after the site visit. Margolis Healy will credit a \$3,000 pre-payment from the Executive Orientation site visit that occurred in June 2015.

The Compliance Assessment cost is \$42,500 plus expenses estimated at approximately 18% (\$7,650) of the total agreement.

SUBJECT:	<u>On-Site Training Agreement with Ellucian</u>	

BACKGROUND

The College implemented Ellucian’s Luminis IV portal in 2009. The portal is the one-stop web service site where students register for classes, pay their fees, view transcripts, view their financial aid status, and access a variety of services. It is also where employees view their paystubs and vacation and sick leave balances. The portal is undergoing a major technical upgrade to Luminis 5, and Information Technology is requesting approval for on-site training on the new Luminis system.

ANALYSIS AND FISCAL IMPACT

Ellucian provides training on Luminis System Administration to ensure optimal setup and usage of the system. The training is offered in Salt Lake City, UT for \$2,400 per attendee. A more cost-effective approach to training multiple staff members is to schedule the training on the Mt. SAC campus. The on-site training agreement includes 28 hours of technical training for four Information Technology staff members. The agreement is for a fixed fee of \$7,500. If travel expenses are necessary, they will not exceed \$2,500.

SUBJECT: Renew Software Maintenance Contract with Runner Technologies, Inc.

BACKGROUND

The College implemented Runner Technologies, Inc.'s CLEAN_Address software in 2007. This software specializes in the integration of address verification solutions for enterprise application systems. It corrects and standardizes postal addresses in the College's Banner system, ensuring data integrity and reducing return mail. The software verifies and automatically adjusts employee and student mailing addresses as they are entered in Banner or online via the portal to ensure the addresses conform to the United States Postal Service data standards.

ANALYSIS AND FISCAL IMPACT

The three-year software maintenance contract includes CLEAN_Address enterprise suite, real-time integration with Banner, bi-monthly update of United States Postal Service data, and unlimited technical support. The list price of the three-year renewal is \$32,700, and for 2012-15, the price was \$27,795. Runner Technologies, Inc. is offering a pre-payment discount of \$4,905, reducing the three-year renewal cost to \$27,795.

SUBJECT:	<u>Contract with SchoolDude for Facilities Maintenance Management Software</u>	

BACKGROUND

In July 2012, the Board of Trustees approved an agreement with SchoolDude to supply a Facilities Maintenance Management Software system to improve the tracking, maintenance scheduling, and reporting systems for the maintenance of the College's facilities. At this time, a revised agreement with an increase to the annual support costs is required to provide for a software upgrade.

ANALYSIS AND FISCAL IMPACT

As with any software company, SchoolDude regularly updates their applications to better serve their clients. Recently, they completed a major upgrade to combine the MaintenanceDirect (regular maintenance and repair services) and PMDirect (preventative maintenance services) modules. This software upgrade is necessary for Facilities Planning and Management to expand the preventative maintenance program. The additional cost for the expanded software suite is \$6,822.00, for a total annual cost of \$26,608.95. The agreement also includes an annual cost increase of up to 5% for future years.

The agreement renews annually, but may be canceled by the College with 30 days' notification from the renewal date.

SUBJECT: Food Services Building (Change Order)

BACKGROUND

On June 24, 2014, an agreement for the new Food Services Building was approved by the Board of Trustees. The project site work was limited to the zone just south of a new student seating area that was planned as part of the parking structure project. This seating area was to be located on the site currently occupied by the old food services building. Since the parking structure project is on hold, provisions must be made to demolish the old food services building, prepare the site for student and staff occupancy, and extend the landscaping to provide a complete project. The most time-efficient and cost-effective means of contracting for this added scope of work is to increase the Guaranteed Maximum Price of the agreement by way of a change order. At this time, pricing is available for the additional demolition work, general conditions and general project requirements, bonds, insurance, and fees. Additional work to revise the kitchen retail area to meet current food services standards is also included in this change order. A second change order will be presented to the Board of Trustees in January 2016, after bids are received for the landscape and site work.

ANALYSIS AND FISCAL IMPACT

The following change is necessary in order to provide the College with an operational and complete project, and to provide additional items not included in the original contract:

Contractor	Tilden-Coil Constructors (Contractor)	CO No.	1
Item	Change and Justification:	Amount	Time

BACKGROUND

On August 13, 2014, an agreement for the new Student Success Center was approved by the Board of Trustees. The project scope of work intentionally did not include the audio-visual system equipment, installation, and programming. By delaying the procurement of these items, the most current campus technology standards can be applied to the project. Additional work to extend the chilled water piping system beyond the project limits is also included in this Change Order. The chilled water piping extension will provide a point of connection for the planned mechanical system upgrade of the Bookstore building.

BOARD OF TRUSTEES		
MT. SAN ANTONIO COLLEGE		
DATE:	November 18, 2015	CONSENT
SUBJECT:	Adult Education Block Grant – Acceptance of Funds and Approval of Activities	

BACKGROUND

Mt. San Antonio Community College District has received an award notification for the Adult Education Block Grant (AEBG) funded by the Budget Act per AB104, Section 39, and Article 9. The 2015-2016 State Budget appropriated \$500 million to the California Community College Chancellor’s Office and the California Department of Education to allocate funding for adult education. The funds were provided to eligible consortia for the purpose of implementing regional plans for adult education. The intent of the AEBG is to expand and improve the provision of adult education via these consortia. The regional plan will improve the educational needs of adults by aligning adult education services and creating post-secondary and career pathways. Regional consortia membership is defined by the geographic boundary of each community college district.

The Mt. San Antonio College Regional Consortium for Adult Education is comprised of the following member districts: Baldwin Park USD, Bassett USD, Charter Oak USD, Covina-Valley USD, Hacienda La Puente USD, Mt. San Antonio CCD, Pomona USD, Rowland USD, and Walnut Valley USD. The Consortium Steering Committee, consisting of district leaders, collaborated to create a governance structure within the Mt. San Antonio College Regional Consortium. Mt. SAC is the fiscal agent for the Consortium.

ANALYSIS AND FISCAL IMPACT

1. Grant funds are to be used by each consortium for the following activities:
 - a. implementation of the objectives contained in the consortium’s regional plan;
 - b. collection and analysis of performance and enrollment data across the consortium;
 - c. evaluation on an ongoing basis of gaps, types, and levels of adult education services including new areas specified within AB104;
 - d. assessment on an ongoing basis of the quality and effectiveness of the consortium in implementing the plan objectives and in meeting the educational needs of adults in the region; and
 - e. completion and submission of mandated AEBG reports and updates to regional and annual plans.

2. As part of AEBG activities, authorization is requested to: (a) purchase supplies for grant-related meetings that occur throughout the year; (b) purchase promotional items for meetings that occur throughout the year; (c) reimburse non-Mt. SAC employees for travel costs associated with participating in grant-sponsored events; (d) provide advance payment (deposits) to vendors for grant-related activities; and (e) enter into contracts with the school districts named above.
3. The 2015-16 AEBG Consortia Fund award is \$3,303,542 and can be expended over a three-year grant period, commencing July 1, 2015, and ending June 30, 2018. Mt. SAC will subcontract by way of a Memorandum of Understanding with each of the school districts to jointly carry out the regional plan using Consortia funds.
4. The Chancellor of the California Community Colleges and the State Department of Education have approved the expenditure of grant funds to support the following: instructional and non-instructional salaries, employee benefits; travel and professional development for all consortium members, instructional supplies, equipment, non-instructional supplies, printing/publication costs; and indirect costs. The Consortia Fund allocation and distribution schedule was collaboratively determined by the Consortium Steering Committee. Any amendments within the grant budget will be voted upon by the Steering Committee.
5. Activities will be carried out with grant funds. The project will not impact the College budget.

DATE:	<u>November 18, 2015</u>	CONSENT
SUBJECT:	<u>Mt. San Antonio College Regional Adult Education Fall Summit</u>	
	<u>Addendum</u>	

BACKGROUND

Mt. San Antonio College is the fiscal agent for a regional consortium with local unified school districts, called the Mt. SAC Adult Education Regional Consortium. Per Assembly Bill 86 (AB86), the consortium has been engaged in collaborative planning to improve educational opportunities for adult learners in our region. Activities have been funded with AB86 grant funds, which were accepted by the Board of Trustees in March 2014 and extended until December 31, 2015.

The consortium hosted a one-day conference at Pacific Palms Hotel & Conference Center on October 30, 2015, with emphasis on faculty work collaboratively conducted by nine member districts and the five program areas of adult education/noncredit specified in AB86. State and regional developments were also presented.

ANALYSIS AND FISCAL IMPACT

1. The Board of Trustees approved the original contract at the October 21, 2015, meeting, in an amount not to exceed \$20,000, to cover the cost of facilities, equipment rental, audiovisual needs, and catering.
2. Ratification of an addendum to the original amount of \$20,000 is requested for an additional amount not to exceed \$8,000 to cover additional attendees, technical equipment, and catering.
3. Event costs now total \$28,000.

Funding Source

AB86 Grant Restricted Funds.

RECOMMENDATION

It is recommended that the Board of Trustees ratifies the additional expenditures to the contract with Pacific Palms Hotel & Conference Center, as presented.

SUBJECT: Workforce Innovation and Opportunity Act Title II Grant (Section 231) –
Acceptance of Funds and Approval of Activities

BACKGROUND

Mt. San Antonio College received an award notification for a grant titled ‘Workforce Innovation and Opportunity Act (WIOA), Title II: Adult Education and Family Literacy Act, Section 231 and English Literacy and Civics Education.’ The purpose of the grant is to provide supplemental instructional support for noncredit Adult Basic Education and English as a Second Language (ESL).

ANALYSIS AND FISCAL IMPACT

The grant award is \$1,184,233 for July 1, 2015, through June 30, 2016.

This grant is intended for supplementary educational activities that enable adults to acquire basic literacy skills, complete basic education courses, improve English language skills, and secure training for employment and civic engagement. Activities include, but are not limited to, professional development, curriculum development and improvement, supplemental instruction and labs, and learning technology. The activities will be carried out with grant funds and will not impact District funds. The grant does not provide for food.

Outcomes of the grant are determined by pre- and post-testing of students using multiple measures, completion of degrees, certifications, and diplomas, and pathway transitions. Student learning gains and outcome achievements will result in higher benchmark awards in future grant funding.

Funding Source

Workforce Innovation and Opportunity Act, Title II: Adult Education and Family Literacy Act, Section 231 and English Literacy Civics Education.

System Block Grant – Acceptance of Funds and Approval of Activities

BACKGROUND

Mt. San Antonio College received an award notification for a grant titled ‘California State Preschool Program Quality Rating and Improvement System Block Grant.’ The purpose of the grant is to improve the quality of State Preschool programs throughout the state.

ANALYSIS AND FISCAL IMPACT

This grant award is \$2,000-\$8,000 annually. The performance period for this grant is November 19, 2015, through September 30, 2016. The funding agency has approved the expenditure of grant funds to support the following: classroom/instructional materials, curriculum materials, developmental screenings or assessments, teacher resource books, parent involvement activities, facilitation of children’s transition to kindergarten, and coordination of social services for children and families. The grant does not provide for food or travel expenses.

The Mt. 	<u>Approval - Avant Assessment, LLC</u>	

BACKGROUND

Under the direction of the Assessment Center and in cooperation with the Student Success and Support Programs Advisory Committee, the Foreign Languages Department is seeking authorization for a pilot program that will assess students for more accurate placement into the different levels of the Spanish language curriculum (four levels). This pilot program will utilize assessment software provided by a nationally recognized vendor of language assessment programs, Avant Assessment, LLC, based in Eugene, Oregon. Additional authorization s requested to enter into a contract with Avant Assessment, LLC.

ANALYSIS AND FISCAL IMPACT

The initial pilot will include an assessment sample of up to 900 tests and yield results that will provide data that will inform decisions regarding the continuation of the pilot, state validation processes, and, ultimately, the expansion and institutionalization of the assessment. The pilot will be conducted from Fall 2015 through Fall 2016. The total cost of the contract will not exceed \$10,350.

SUBJECT: Mt. San Antonio College 2015 Scorecard

BACKGROUND

The Student Success Task Force (SSTF) recommended the implementation of a new accountability framework, and its purpose is to provide stakeholders with clear and concise information on key student progress and success metrics in order to improve performance. The recommendation specified that a scorecard be built on the existing reporting system, the Accountability Reporting for the Community Colleges (ARCC). California State Assembly Bill AB1417 (Pacheco) [Chapter 581, Statutes of 2004] established the ARCC program that requires the California Community Colleges Board of Governors to present an annual report to the Legislature and Governor on the evaluation of community college performance in meeting statewide educational outcome priorities. To satisfy the request of the SSTF, the ARCC Advisory Workgroup, which guided the development of the initial accountability system in 2005, was reconvened. The workgroup was represented by individuals from various community college organizations and stakeholder groups as well as researchers with technical expertise in performance measures. This technical workgroup reviewed the existing framework and designed the new scorecard. In its commitment to increase transfer and degree and certificate attainment, the California Community Colleges Board of Governors established a more user-friendly performance measurement system that tracks student success at all California community colleges. This Student Success Scorecard has data in both static and dynamic formats that report out by gender, age, and ethnicity by all California community colleges to determine if colleges are narrowing achievement gaps.

For the 2015 report, the Mt. SAC Scorecard consists of the following indicators of college effectiveness:

- A. Completion Rate (previously called Student Progress & Achievement Rate): The percentage of first-time students with a minimum of six units earned who attempted any Math or English in the first three years and achieved any of the following outcomes within six years of entry: obtained a degree, certificate, or transferred to a four-year institution, or were transfer prepared (i.e., successfully completed 60 UC/CSU transferable units with a grade point average of 2.0 or higher). (Prepared=73.0%; Underprepared=41.4%; and Overall Mt. SAC=47.0%.)
- B. Persistence Rate: The percentage of first-time students with a minimum of six units earned who attempted any Math or English in the first three years and achieved the following measure of progress (or momentum point): enrolled in the first three

consecutive primary semester terms anywhere in the California Community College (CCC) system. Persistence Rate is reported for the overall cohort as well as by lowest level of attempted Math or English. (Prepared=84.2%; Underprepared=77.6%; and Overall Mt. SAC=78.8%.)

- C. Thirty Units: The percentage of first-time students with a minimum of six units earned who attempted any Math or English in the first three years and achieved the following measure of progress (or milestone) within six years of entry: earned at least 30 units in the CCC system. (Prepared=80.7%; Underprepared=67.7%; and Overall Mt. SAC=70.0%.)
- D. Remedial Progress Rate: The percentage of credit students who attempted a course designated at “levels below transfer” in:
1. Math and successfully completed a college-level course in Math within six years;
 2. English and successfully completed a college-level course in English within six years; and
 3. ESL (Mt. SAC’s Credit American Language) and successfully completed the ESL sequence or a college-level English course within six years. (Mt. SAC: Math=31.3%; English=46.1%; and ESL=42.9%.)
- E. Career Technical Education (CTE) Completion Rate: The percentage of students who attempted a CTE course for the first time and completed more than eight units in the subsequent three years in a single discipline (two-digit vocational TOP code where at least one of the courses is occupational SAM B or C) and who achieved any of the following outcomes within six years of entry:
1. earned any AA/AS or credit Certificate (Chancellor’s Office approved); or
 2. transferred to a four-year institution (students shown to have enrolled at any four-year institution of higher education after enrolling at a CCC); or
 3. achieved “Transfer Prepared” (i.e., student successfully completed 60 UC/CSU transferable units with a GPA \geq 2.0). (Mt. SAC=55.1%.)
- F. Career Development and College Preparation (CDCP) Completion Rate: The percentage of students who attempted two or more CDCP courses, with a minimum of four attendance hours in each of those courses, within three years. The following outcomes within six years of entry:
1. CDCP Certificate(s);

ANALYSIS AND FISCAL IMPACT

Although Mt. SAC demonstrates success in most of the above indicators, it is essential for the College to review the findings on an ongoing basis to determine the programs and services that are currently offered that advance students' outcomes and what new programs and services could be offered in the future. A number of campus-wide initiatives/groups are engaged in evaluating program effectiveness (e.g., Basic Skills Initiative and Planning for Institutional Effectiveness). The new Student Equity Plan will also contribute toward the College's improvement over time. A breakdown of the data by gender, age, and ethnicity was used extensively by the Student Equity Committee as a major component of the section on Campus-Based Research for the College's 2015 Student Equity Report.

SUBJECT: Science, Technology, Engineering, and Mathematics Teacher
Preparation Program (STEM TP²) Grant - Approval of Purchases

BACKGROUND

Mt. San Antonio College has an Advanced Technological Education grant titled 'Mt. SAC Science, Technology, Engineering, and Mathematics Teacher Preparation Program (STEM TP²),' funded by the National Science Foundation. The purpose of the grant is to develop a sustainable, multi-dimensional program that will recruit, counsel, and direct likely students that have the desire and potential to become highly-qualified middle school and high school mathematics and science teachers. The project will achieve its goal and four associated objectives by providing a cluster of academic support, enrichment activities, teaching opportunities, and authentic research experiences designed to promote student success. These objectives and a pipeline established to two local universities will provide a seamless transfer to a baccalaureate teacher preparation program in STEM. Recipients will be selected from students majoring in STEM areas with particular emphasis on recruiting students of color, females, Hispanics, veterans, and first-generation college students that have a desire to teach.

ANALYSIS AND FISCAL IMPACT

This grant award is \$624,668. The performance period for this grant is September 1, 2014, through August 31, 2017. The funding agency has approved the expenditure of grant funds to support the following: faculty, hourly, and student personnel; employee benefits; equipment; travel and professional development for grant personnel; student travel; participant support costs; instructional supplies and materials; printing/marketing; consultant services; contracted services; facilities and catering; indirect costs; and other grant-related expenses.

As part of the grant activities, the project will implement a four-week Summer Science Exploration (SSE) program. Activities use hands-on, minds-on approaches aimed at expanding the horizons and experiences of approximately 50 students within Grades 7-12. The program includes topics ranging from astronomy to zoology, with associated explorations that provide learning opportunities using computers, the Mt. SAC Planetarium, analytical instruments, field study locations, and diagnostic chemical testing. Mt. SAC students will participate as instructional aids in the SSE.

SUBJECT: Resolution No. 15-05 – Approval to Compensate Trustee
Judy Chen Haggerty for Her Absence from the Regular Meeting of the
Board of Trustees on November 18, 2015

BACKGROUND

California Education Code Section 72024(d) states, “A member may be paid for any meeting when absent if the board, by resolution duly adopted and included in its minutes, finds that, at the time of the meeting, he or she is performing services outside the meeting for the community college district, he or she was ill or on jury duty, or the absence was due to a hardship deemed acceptable by the board. The compensation shall be a charge against the funds of the district.”

ANALYSIS AND FISCAL IMPACT

Trustee Judy Chen Haggerty is on the Advisory Committee on Education Services (ACES) and is attending a meeting on November 18, in Burlingame, CA. Given the ending time of the ACES meeting, she would not be able to arrive in Walnut until well after the start of the Board of Trustees meeting on the same day. She is also slated to give a presentation at the Community College League of California (CCLC) Annual Convention, which starts the next day, on November 19, in Burlingame, as well. Therefore, it is cost-effective to the College for her to remain in Burlingame on the evening of November 18.

BOARD OF TRUSTEES		
MT. SAN ANTONIO COLLEGE		
DATE:	<u>November 18, 2015</u>	ACTION
SUBJECT:	<u>Resolution No. 15-06 – New Assessment, Design, Installation, Operation, and Maintenance of a Photovoltaic Solar System</u>	

BACKGROUND

The Board of Trustees has authorized the College to enter into an agreement for the design and construction of a 2.2 MW ground-mounted photovoltaic panel project. After consultation with the Division of the State Architect (DSA) and thorough review of the relevant codes, guidelines, and the official interpretation of regulations, it has been determined that the project is not subject to review and approval by DSA. To qualify for the exclusion, the solar project must meet certain conditions. The Board must also pass and adopt a resolution that assures that the project meets those conditions.

ANALYSIS AND FISCAL IMPACT

The Division of the State Architect reviews the Community College projects to ensure compliance with applicable structural, access, and fire and life safety codes. Solar projects that meet the conditions included in the following resolution are exempt from these reviews. The project does comply in all respects. An inspector qualified by DSA will be on site to verify compliance, appropriately licensed architects and engineers will function in the same manner as with all DSA projects, and fencing will be installed, as required.

RECOMMENDATION

It is recommended that the Board of Trustees approves and adopts Resolution No. 15-06 - New Assessment, Design, Installation, Operation, and Maintenance of a Photovoltaic Solar System, as presented.

RESOLUTION NO. 15-06

**MT. SAN ANTONIO COMMUNITY COLLEGE DISTRICT
New Assessment, Design, Installation, Operation, and Maintenance of a
Photovoltaic Solar System**

NEW GROUND PHOTOVOLTAIC PANEL PROJECT

WHEREAS, concerning the construction of ground-mounted photovoltaic panel installation at Mt. San Antonio College, 1100 North Grand Avenue, Walnut, CA 91789, shall not be used for instructional purposes, and that no pupils or teachers or the public will be permitted to use or enter the said panel-fenced enclosure for said purposes or be subject to a hazard resulting from its collapse.

NOW, THEREFORE, IT IS RESOLVED, The Board of Trustees of Mt. San Antonio Community College District directs the Administration as follows:

1. Plans have been prepared by a California licensed Architect or Engineer.
2. The Board of Trustees assumes responsibility for adequate inspection of the materials and work of construction to ensure compliance with the provisions of Parts 2, 3, 4, 5, 6, 7, 11, and 12, Title 24, C.C.R., as adopted by the California Building Standards Commission.
3. The photovoltaic panels shall be ground-mounted, less than or equal to eight feet maximum in height, entirely fenced from student and public use, not associated with public viewing areas, not located in required side yards, do not encroach into fire access lanes, and provide signage stating “Not Open to the Public – Maintenance Personnel Only.”
4. To provide a fence such that the project is entirely fenced off from the rest of the campus and the fence is located at a distance from the equipment equal to or greater than the maximum height of the equipment. The maximum height shall be measured from the finish grade or surface at the equipment to the top of the equipment at its highest point. A fire access gate with a lock that is capable of being cut away during emergency operations or a security lock such as “Knox Lock” shall be provided which meets the requirements of the local fire authority having jurisdiction. Ten-foot clearance from all vegetation on all sides of the photovoltaic system shall be provided.
5. To provide a disconnect location which is identified and accessible for fire department fire-fighting operations. Architect/Engineer of record to coordinate with local utility provider for requirements regarding connection to service.

ACTION

SUBJECT: 2015-16 Student Success and Support Program Plan

BACKGROUND

As part of the Student Success Act and the requirements of AB 1456, all California community colleges are required to submit a plan to implement the Student Success and Support Program (SSSP). Although Board of Trustees approval is not required, the administration believes that it is most appropriate to have the Board of Trustees endorse the submission of the Plan. This year's SSSP Plan focused on updating last year's Plan and reporting on progress to date. The Plan has gone through the College's governance process, which includes approval by the Academic Senate.

The focus of the SSSP Plan is to provide the core services of assessment, orientation, counseling, and education planning along with follow-up services to all students, especially first-time students to college. Mt. San Antonio College (Mt. SAC) has fully implemented all required aspects of the SSSP including changes to enrollment priorities. Mandatory assessment, orientation, and counseling and the development of an abbreviated education plan, at a minimum, are required for all new, first-time students to Mt. SAC.

ANALYSIS AND FISCAL IMPACT

The Plan meets the requirements set forth by the State Chancellor's Office.

DATE:	<u>November 18, 2015</u>	ACTION
SUBJECT:	<u>South Campus Site Improvements (Bid Nos. 3055-3059)</u>	
	<u>[PLACEHOLDER]</u>	

BACKGROUND

This project entails grading and other site improvements required to prepare the West Parcel site, located on the property southwest of Grand and Temple Avenues, adjacent to the main campus, for the purchase and installation of a ground-mounted solar photovoltaic system, under a separate design-build agreement. The scope of work for this project includes, but is not limited to, utility work, site improvements, and fencing as well as the implementation of habitat mitigation, landscape, and irrigation necessary to comply with all permit and approval conditions imposed by the responsible agencies.

This project was originally approved as part of the Mt. San Antonio College Facility Master Plan 2012 (2012 Master Plan), dated February 18, 2013, and received California Environmental Quality Act (CEQA) lead agency clearance by the Board of Trustees' certification of the 2012 Master Plan's Subsequent Environmental Impact Report (EIR) on December 11, 2013, under Agenda Item No. 18. The project, as currently designed, could have significant effects on the environment; however, all potentially significant effects have been analyzed in the 2012 Master Plan EIR (SCH 2002041161) pursuant to applicable standards and have been avoided or mitigated pursuant to the 2012 Master Plan EIR including mitigation measures that were adopted in the 2012 Mitigation Monitoring Program that are applicable to the project. For these reasons, no additional environmental analysis is required under CEQA.

Since the responsible agencies are conducting their own CEQA reviews and approvals of the project, any project changes imposed by the responsible agencies as a condition of approval will not create a potentially new significant environmental impact or exacerbate any of the existing significant environmental impacts disclosed in the 2012 Master Plan Subsequent EIR. If any of the responsible agencies do not approve the project, this agreement would be terminated, and the project would not proceed.
