Submitted by: Michelle Shear
Department: Dance
Email: Mshear@mtsac.edu
Relationship to Nominee: Manager/administrator/associate dean

Nominee

Name: Debbie Cavion
Department: KAD Division
Phone Extension: Ext: 4355

Comments about Nominee:

Ms. Cavion has been a superior role model, mentor and leader within the Kinesiology/Athletics/Dance Division. Her organizational skills, problem solving, trouble shooting and strong communication has only strengthened the relationships among the entire division. This includes her involvement with students, staff and faculty. She is always open to new ideas, suggestions, listening to others opinions and supporting student success. Her involvement which I will speak for specifically with the Dance Department has been supportive, informative and eager to help us as a Department fulfill our goals as educators towards providing a positive and productive learning environment for all students. Ms. Cavion supports and attends Dance concerts, outreach programs, fundraisers, authorizes conferences for our students to broaden their educational goals and always provides an fair and equitable atmosphere for all. Her door has always been open to talk, answer questions, provide guidance with issues and leader by example. I understand many expect managers or administrators to be supportive, but Ms. Cavion goes far beyond the call of duty. She is not working a 9am-5pm schedule. Her heart and soul is put into her position as an Associate Dean for KAD. Her hard work is recognized by many. I with great honor and appreciation recommend Ms. Cavion for the College Champion Award. It is individuals like her that make Mt. SAC a wonderful and elite college to work for and be associated with. Individuals like her set the bar high and inspire others to strive for excellence and go beyond what is expected. Thank you for your time.

Professor M. Shear
