

AMERICAN LANGUAGE ADVANCED ENGLISH

About Our Program

Who we are...

Learn the English skills you need to succeed in college or at work. American Language (AmLa) helps our students learn how to read, write, listen, and speak in English. In AmLa classes, you can earn college credit as an English Language Learner. Often, international students, ESL graduates, and English Language Learners grow in our courses and do well beyond. You can take the classes you need or earn a certificate (or two or three)!

"As an English learner I harvest my challenge outcome, and all learning projects, papers, and study trails push me to transform to a higher level."

American Language Certificate

American Language Advanced Proficiency in English for English Language Learners (Certificate M0859)

The American Language Advanced Proficiency in English for English Language Learners certificate provides students with evidence of advanced writing, reading, speaking, and listening skills. Students demonstrate advanced proficiency by completing courses designed for an active, student-centered classroom experience.
